Sign-Up Page

3. Sign-Up Page

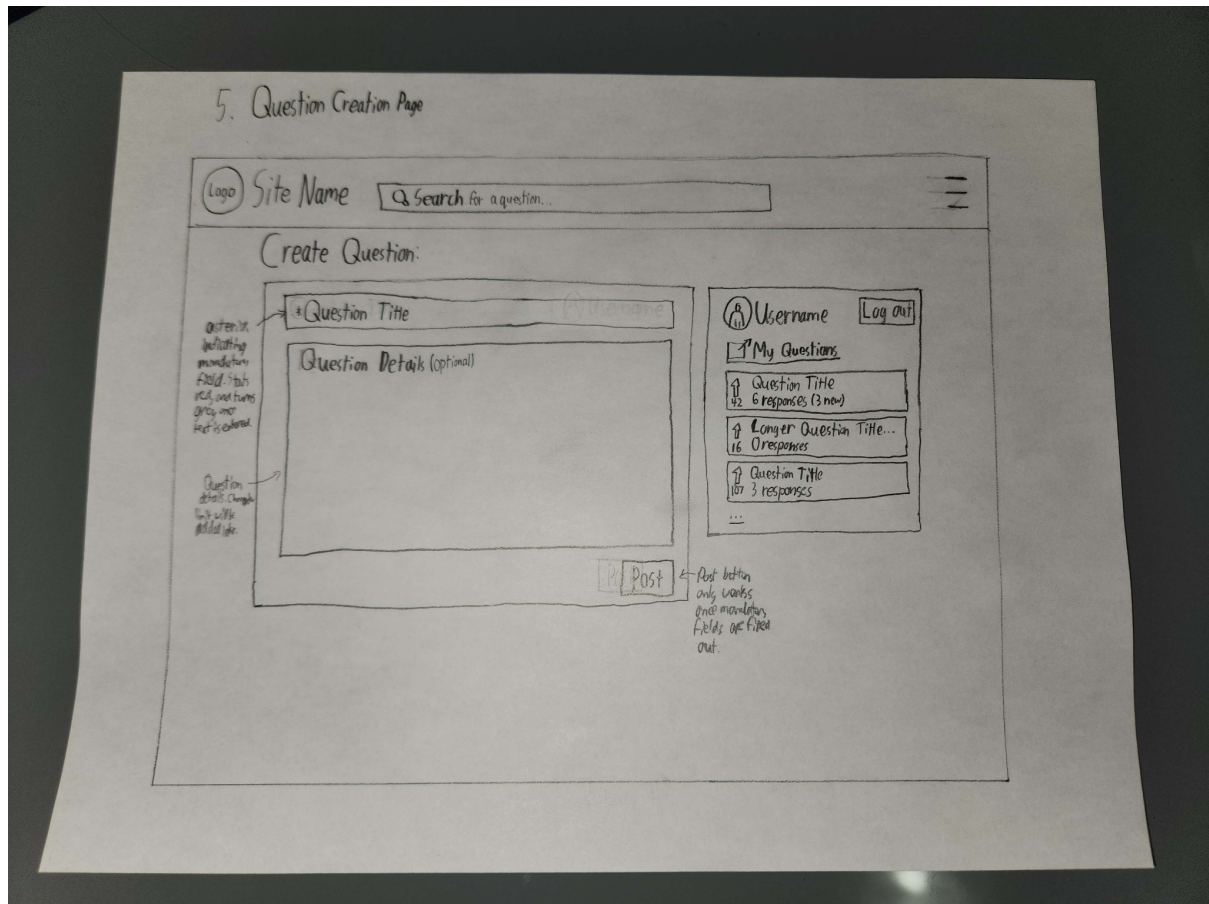

The wireframe shows a sign-up page layout with the following elements and annotations:

- Header:** A logo icon followed by the text "Site Name". An arrow points to this header with the note: "Clicking logo/site name returns to main page".
- Form Fields:**
 - Email:** A text input field.
 - Username:** A text input field.
 - Password:** A text input field. Below it, a note states: "password must be more than 6 characters and contain at least 1 special character (!.@.#.%&*+,-,?)".
 - Confirm Password:** A text input field.
 - Date of Birth:** Three small input fields labeled "month", "day", and "year".
 - Avatar:** A circular icon next to a text input field labeled "Upload Image".
- Buttons and Links:**
 - A large "Create Account" button.
 - A link below the button that says "Already have an account? Sign in". An arrow points to this link with the note: "Links to main page (here by us)".
- Annotations:**
 - On the left, a note says: "Controls to indicate missing fields, turn red, and turn grey once completed." with arrows pointing to the form fields.
 - On the right, a note says: "each field will include controls to ensure a valid email, username, password, and date of birth is entered using Regex. If invalid entry, will highlight box red and provide text for the requirements." with arrows pointing to the form fields.
 - Below the "Upload Image" field, a note says: "Button in grey, and changes to standard color once mandatory fields are filled in." with an arrow pointing to the "Upload Image" text.
